

# FREE TELESCOPE TUNE-UP DAY

---

Do you have a telescope in the attic, or one you received as a gift, and can't quite get it assembled or working?

Bring it to the Planetarium lobby for this special event.

Knowledgeable volunteers from the Astronomy Section, Rochester Academy of Science will do their best to help you get your scope back in action. And we'll offer tips on how to enjoy it!

Astronaut Sally Ride's childhood telescope, now at the Smithsonian National Air and Space Museum

**Saturday, March 18, 2017 from 11am to 4pm**  
***COME WHEN YOU CAN...LEAVE WHEN YOU MUST!***  
**RMSC Strasenburgh Planetarium lobby**  
**657 East Avenue, Rochester, NY 14607**
